All in all, a VERY cheap property to run given its size!

Meadow View is accessed via a private driveway, a truly rural location with only three neighbours, benefiting from approx. 1 acre of paddock with large stable and storage, an orchard with apple, plum and pear trees, decking area with mini-bar and sitting area, stunning views over meadow and moorland. There is an array of solar panels all gathering sufficient energy to run the property to minimum cost, solar heated water and direct water well supply, Tesla batteries storing unused energy while all the time returning back to the grid surplus energy and providing a small return year on year. In short, Meadow View Cottage offers excellent family living with the flexibility of a downstairs bedroom for family members preferring not to deal with stairs, externally there is fantastic outside space, plenty of parking with the current owners previously using the stable as a garage.
