Further Notes

Buyers of this home benefit from a rare and advantageous ownership arrangement. The eight houses at Cross Valley Court collectively own the freehold to the development, the courtyard and an area of woodland to the rear. Each homeowner holds a share in the management company that owns the land, meaning there is no external management company involved. Each household nominates a director, and maintenance decisions are made collectively.

The current maintenance contribution is £100 per month, covering the upkeep of the courtyard, servicing of the shared septic tank (offset by reduced water bills) and electricity costs for its operation. There are no external management fees, and building insurance is arranged individually by each homeowner.

The lease terms are designed to preserve the peaceful and well-kept nature of the development. Houses may be rented only to single households and not used for business purposes, and all owners are required to maintain their property's exterior. Any external or structural changes must be approved by the management company's directors. Full legal details will be provided by your solicitor, including guidance on shared facilities and access to the jointly owned woodland.

This property represents a unique opportunity to acquire a spacious, well-presented home in a desirable location, with the added benefit of shared freehold ownership and low, transparent running costs.
