Property Description

Entry begins into a useful boot room, ideal for storing outdoor footwear/coats. The boiler is housed here in a built in cupboard. To the right is an inner hallway that sets the tone from the outset for this attractively styled and nicely decorated home. To the right is a cloakroom/laundry room with housing for a washing machine and tumble dryer, a selection of wall cupboards for storage, WC and hand-basin. Possible provision could be made here for a second shower room if otherwise desired. Back into the hallway and directly ahead is the first of two bedrooms. Bedroom one is a double. A desk is currently housed here to act as a home office as this room works perfectly for those needing to work from home. Bedroom two is a good sized double with private outlook. A door leads into a large room currently set up with dressing room facilities to include a sink and access to a shower room. The shower room has been recently modernised to create a sleek and contemporary look with large shower cubicle, WC, hand-basin with vanity cupboard and tall, chrome towel rail. Back into the entrance hall where there are a number of large built in cupboards for additional storage needs we are led into the living quarters of this inviting home. Firstly, we arrive into an impressive, open-plan sitting/dining room. The room is flooded by light due to it having several windows. The vendors have cleverly designated the space into two useable zones. The first being a cosy sitting room that benefits from having a wood-burner for those cooler Winter evenings. Zone two is currently set up with a small dining table and additional seating. The room would house a large table and chairs if otherwise preferred. A sliding door leads into a kitchen which has been recently installed and tastefully styled. Fitted with a comprehensive range of eye and base-level units, incorporating 1.5 bowl sink, wood-effect work surfaces, four-ring electric hob with extractor hood, double oven, pull out bins, integrated dishwasher, fridge/freezer and microwave with additional features to include a ladder-style radiator, wood-effect flooring and a window to the front elevation enjoying views across open farmland and the stables. A perfect spot to wash the dishes while gazing at possible livestock through the window. Adjoining the kitchen is a sunroom that cleverly connects the kitchen with the sitting/dining room next door and outdoor patio space for times of Summer entertainment. The vendors have placed a breakfast table here as it has a great vantage point across to the pony paddock.

Grounds, Outbuildings, Parking

The property is approached via a long private driveway running alongside three small paddocks. The driveway then leads to an extensive parking and garden area. At the end of the driveway are 2 stables with electric power and lighting, both with separate fenced yards. Further outbuildings include a shed/hay store and lockable small tractor shed. Outside taps are located adjacent to the hay store and stables. The garden to the property has been newly fenced, it is mainly laid to lawn with a paved patio, established planting and raised beds. The grounds extend to just over one acre approximately.
