Introduction

A stunning, recently built Border Oak home located on the edge of the sought after black and white village of Weobley. Boasting exposed oak timbers, underfloor heating, a fully enclosed garden and carport. This stunning property comprises: entrance hall, living room, kitchen/dining room, utility room, cloak-room, three bedrooms, one with en-suite and dressing area and a family shower-room. Viewing is highly recommended to appreciate the quality and charm of the property on offer.

Property Description

We enter 3 Garbett's Orchard through the traditionally designed and much loved 'Border Oak' front porch. This is ideal for abandoning muddy footwear following a long walk, (Weobley is renowned for its plentiful supply of country walks starting straight from the doorstep). The porch leads into a spacious and airy entrance hallway from where the main reception rooms (kitchen/dining room and sitting room) emanate. There is also access to the first floor from here and an under-stair cupboard, plus ample space for the displaying of decorative furniture. The floor has high quality ceramic tiling with under-floor heating that continues into the rest of the ground-floor (other than the sitting room that is carpeted). This is not only practical but also adds a warmth and character to this lovely home. To the right is a sitting room with both front and rear aspect. The main centre piece is the square oak frame that stands exposed. Mounted centrally within this frame is a brick fireplace with oak mantle and stone hearth. There is an electric fire here. To the left of the entrance hall is a generously proportioned kitchen/dining room. The kitchen has a modern range of wall and floor units with a slight contemporary edge making the space clean-lined and fresh. There is space for an island here. Cooks have the use of a waist height electric oven with separate induction hob top, integrated dishwasher, integrated fridge/freezer and those all important pan drawers. The dining section of this room benefits from having a set of French doors and a run of floor to ceiling windows that let light flood into the space and allow close proximity to the adjoining patio and cottage style planting that is ideal for those moments and times of alfresco dining. To open these doors fully in the Summer months and let the breeze circulate would be a delight for any resident diner. Adjoining the kitchen/dining room is a useful utility room essential to all busy, rural households. Here, there are generous facilities for the storage of coats, hats and outdoor footwear/wine collection and additional kitchen appliances including integrated washing machine and tumble dryer. The same kitchen units are continued here including a Belfast sink and the cupboard housing for the heat pump controls and hot water storage tank. There is a door that also provides access to the rear garden and more particularly the vegetable garden with raised beds and a fruit cage. Accessed from the utility is a cloakroom with WC, hand-basin with vanity cupboard and window out for added light and ventilation.

On the first floor are three bedrooms, all with under-floor heating (master with en-suite and dressing room) and a family shower room. The master bedroom is nestled amongst an impressive oak A-frame. It benefits from having its own dressing area with bespoke (mirror fronted) wardrobe and an en-suite shower. The en-suite has been tastefully styled with high quality tiling and fittings. There is a large, walk-in shower, WC, hand-basin with cupboard drawer below, additional units for storage, a heated towel rail and Velux roof light. Bedroom two is a spacious room with loft access, dual aspect and bespoke fitted wardrobes and window seat. Bedroom three is currently set up with twin beds, built-in cupboard with mirrored fronts and housing for a home office desk and chair. It could easily act as an office with space for several desks for those required to work from home. The family shower room on this first floor has a large shower cubicle, WC, hand-basin, heated towel rail and Velux roof light. There is a storage cupboard on the landing.

Garden

There is a border of mature planting to the front of the property which frames the driveway. Paving runs to both sides of the property for access to the rear garden.

The rear garden is well fenced and has the most delightful and voluminous borders brimming with cottage style planting. To one side is an area for vegetable/fruit growing that has been successfully established for productive growth. There is also an area of patio adjoining the property for outdoor entertaining.

Carport & Parking

The property has graveled driveway parking for several vehicles and an oak framed carport for one car which adjoins the side of the house. The carport blends seamlessly in design with the house itself. An integrated lockable partition at the back of the carport provides space for storage of garden furniture and an outside freezer.
