## Introduction

This detached cottage with annexe facilities, 4.5 acres of flat grazing land, large barns, three stables and manege is situated within the hamlet of Newtown, a short drive from Leominster. It has accommodation comprising; two hallway entrances, laundry room, WC, kitchen/dining room, living room, garden room, two double bedrooms, family bathroom and a one bedroom annexe with bathroom, kitchen, sitting room and bedroom.

## Property Description

Entry is into a light drenched entrance hall enjoying glass roof panels and large glass doorways. There is ample room here for the dispersal of coats, boots and hats or wet attire after working in the fields. Very handy is the close proximity of a laundry room with sink and plumbing for a washing machine and a cloakroom for washing those green fingers without having to trawl mud through the house. To the left of the entrance hall is a large kitchen diner boasting triple aspect windows overlooking the surrounding gardens and paddocks. There is a range of wall and floor cupboards here with Neff double oven, Lamona induction hob and built in fridge and dishwasher. Adjoining the kitchen is a hallway with stairs to the first floor and under stair storage. This could be used as a guest entrance away from the sight of those muddy wellies and wet pets. Off this internal hallway is a generously sized and sunny sitting room with Clearview Wood-burner and adjoining sun room perfect for relaxing whilst submerged in the heart of the surrounding cottage gardens. Double doors spill out onto a private patio area for al fresco dining. The sun room is currently set up for dining and lounging whether ready for that early morning coffee, lunch in the sun or evening tipple enjoying the circulating Summer breeze in comfort.

On the first floor are two double bedrooms, a family bathroom and a generous sized landing currently set up with a desk. The master bedroom overlooks the paddocks belonging to the property and benefits from having fitted wardrobes and room for additional bedroom furniture. The second bedroom overlooks the garden and fields beyond framing mature foliage, trees and swathes of vibrant color; a rural feast for the eye. The well equipped family bathroom benefits from having a large window for additional light and ventilation, stand alone bath, separate shower cubicle and basin and toilet with purpose built vanity housing. The property is set up as main residence with attached annexe. To the right of the entrance hallway where the tour started is a connecting door to the annexe. On the right as you enter is a bathroom with bath and shower over. There is a kitchen area with a selection of wall and floor units with electric oven and fridge and a window looking out to the grounds. From here stairs can be accessed to a loft space with velux windows. This could be used as a bedroom or office for those required to work from home or hobby space. Just off the kitchen is a dual aspect room with wood burning stove currently used as a sitting room but could easily be used as a ground floor bedroom.

## Garden & Parking

The cottage sits neatly within the centre point of its grounds. There is plenty of driveway parking marked by pergola framing to the one side of the cottage. The gardens wrap privately around the remainder of the property having been attractively landscaped and offering several demarcated areas of interest: cottage style planting in aged stone framed borders, gravelled pathways leading to swinging seats, dovecotes and pergola archways. There are also tiered areas with mature planting creating depth, height and pops of colour to the grounds and the icing on the cake; a stone edged pond attracting wildlife to be admired from the patio area nearby. For those seeking productivity and having green fingers there is a well established vegetable patch with two greenhouses.

## Land & Outbuildings

The Hutch has circa 4.5 acres of flat grazing land that is well fenced and lends itself to equestrian use. There is a menage with post and rail fencing, three stables and a large outbuilding with areas for the possible storage of hay or the penning of livestock.
