Property description

3 Under Frydd Wood has been thoughtfully refurbished by the current owners, creating a stylish and comfortable home in a peaceful residential setting on the edge of Knighton. The upgrades have been completed to a high standard, enhancing both the presentation and the day-to-day enjoyment of the property. The main floor offers a bright and welcoming living room, finished with bespoke shutters and hard wooden flooring. A feature fireplace with a wood-burning stove and log store to the side forms a warm and attractive focal point, giving the room a cosy yet contemporary feel. The flooring continues through the hallway and into the kitchen/dining room, which has been beautifully refitted with modern white units, integrated oven, hob, and dishwasher, creating a sleek, sociable space ideal for family life and entertaining. There is lighting along the kickboards, glass splashback and patio doors leading out to the garden near the dining area. Also on the ground floor are two well-proportioned bedrooms, both benefitting from the same hard wooden flooring, bedroom two has two shuttered windows overlooking the hills and bedroom three would be an ideal office if a buyer needed flexible space. The shower room is fitted with a modern white suite and white tiling to the walls.

The upper ground floor is dedicated to the principal suite, offering excellent privacy. The main bedroom is generously sized, with built-in wardrobes, two dormer windows offering wonderful elevated views and leads to a superb modern ensuite bathroom, stylishly finished with grey tiled walls and flooring, a separate shower and a bath positioned beneath a skylight, creating a bright, spa-like space with a boutique-hotel feel.

Gardens

To the front of the property, a driveway provides convenient parking, with steps leading up to the front door. A neat lawned area, planted with mature shrubs, frames the approach and enjoys pleasant open views. A side gate offers easy access around to the rear garden.

The rear garden is a real highlight. Landscaped by the current owners, it offers beautifully designed areas to sit and relax, dine, and enjoy the outdoors. Thoughtfully planted with a wide variety of plants, shrubs, flowers and trees, it provides colour, structure and interest throughout the seasons, all set against the backdrop of mature woodland.

Parking and garage/workshop

There is driveway parking and then double doors that lead into the garage/workshop space. This space offers flexible use and would be an ideal workshop. There is light and power, the oil tank, hot water cylinder and boiler all housed in this area keeping them out of the main home.
