#### Externally

A particular feature of the property is the workshop area (currently used as a mechanic/ garage business) with an electric roller shutter door, power and light (equipment available via separate negotiation including four poster lift). The area has single phase electric. There is also a single garage with steps leading down to the workshop area with power, light and up and over door; store room with extractor fan and compressed air supply; office with telephone point, power and light, opens into further workshop area with vaulted ceiling, steel work bench, red diesel fired space heater, stainless steel sink drainer unit, electric water heater, urinal, plumbing and space for washing machine, store room off (area previously used as spray booth with extractor fan and double doors providing access), further store room off with compressed air line point; machine shop area with compressor, power and light. A floorplan for this outbuilding is available.

Externally, there is an outside tap, power point, detached single garage with power supply and large

gravelled parking and turning area (over which the neighbouring farmer has access to his field beyond the property). The gardens are approached over a cattle grid with pedestrian access gate to side along a tarmac driveway with hedge to either side leading to two electric gates (one leading to the garage/ workshop area and one leading to the property itself).

To the front of the property is a large lawned garden which could be separated to create a small paddock, hedge surround, established borders with Rhododendrons, a variety of trees including Yew, Horse Chestnut, Oak, Mountain Ash and Nordic Spruce, oil tank, wraparound concrete entertaining area with ramp and steps down to the lawn, external power point, oil boiler and courtesy lights.

To the rear of the property is an orchard with potting shed, mower shed with double doors and power, rainwater store, tarmac hardstanding area, outside tap, cesspit and gate to gravelled parking area and workshop.

#### Agents Notes

Equipment may be available by separate negotiation including four poster lift. The neighbouring farmer has access along the drive and across the gravelled parking area to his gate at the rear of the property to access his field beyond. The bungalow is of non-standard steel frame construction - you should confirm with your Mortgage Provider that they would be happy to lend on a property of non-standard construction.
