The Cottage

Much larger than it first appears, this substantial period detached cottage offers a surprisingly spacious and characterful home with a quirky, flexible layout, set within an exceptionally large plot. The property would be ideal for those seeking space to work from home, run a small business, or explore future development potential (subject to the necessary consents).

The main accommodation includes a welcoming living room with a deep-set fireplace, a separate dining room, a well-proportioned kitchen, and a ground-floor shower/cloakroom. Over recent years the cottage has been extended to provide an annex/ground-floor, large double bedroom with en-suite wet room, making it suitable for multigenerational living or disabled accessibility.

Upstairs, the remaining bedrooms are well-sized, complementing the generous feel of the house throughout. The property benefits from oil-fired central heating and uPVC double glazing.

Outside is where this home really comes into its own. The cottage sits within a very large plot with a multitude of garden areas, a range of useful outbuildings, a garage and workshop, and ample parking. The workshop and outbuildings offer excellent potential for a home business, hobbies or storage, while the size of the plot also presents potential for a building plot (subject to planning).

The Location

Rejerrah is a charming rural hamlet situated close to the picturesque village of Cubert. The location provides easy access to the stunning, dune-backed beaches of Perranporth, with the historic coastal village of St Agnes slightly further along the coast, renowned for its Cornish mining heritage.

Approximately four miles away is the vibrant town of Newquay, famous for world-class surfing at Fistral Beach, a working fishing harbour and dramatic coastline. Newquay offers good transport links by road, rail and bus, along with an airport around seven miles away. Watergate Bay lies approximately eight miles away, with Padstow within around 23 miles.

The Gardens

The property benefits from delightful, well-established gardens to both the front and rear of the cottage, offering a wonderful blend of ornamental planting and practical outdoor space. The main garden areas feature attractive tiered stone-built raised beds planted with a variety of mature shrubs, including vibrant evergreen conifers that provide year-round colour and structure. Established trees frame the boundaries, offering a good degree of privacy.

The level lawn areas are predominantly laid to grass, providing versatile outdoor space perfect for relaxing entertaining, or children's play. Meandering pathways connect the various garden zones, with attractive gravel and paved sections adding texture and interest. Practical features include water storage butts for garden maintenance, whilst multiple outbuildings and garden sheds offer exceptional storage potential. Two greenhouses provide excellent opportunities for keen gardeners to cultivate plants, vegetables, or tender specimens throughout the year. Mature hedging and established boundaries ensure a good degree of privacy, whilst the fact the two gardens can be east or west facing helps capture plenty of natural light.

This is a garden that truly offers something for everyone.

Due to the layout of the cottage and the two sections of garden, the east facing garden lends itself to a potential building plot. There is no planning in place currently but this is an addition that could prove beneficial to any buyers in the future.
