Features

Following professional guidance, the next step toward a planning application is the location and confirmation of existing land anchors as required by the Environment Agency.

This represents an exceptional opportunity for a buyer to design and build a bespoke riverside home (subject to planning permission and Environment Agency consent) within close proximity to Hampton Court Station, local amenities and highly regarded schools.

Developers Pack available on request subject to approval.

Annual private road contribution: £240 (£210 if paid early).”
