## Property Description

A beautifully extended and thoughtfully improved 1930s semi-detached home, offering spacious and well-presented family accommodation throughout. Ideally positioned with a large private garden backing directly onto recreational grounds and tennis courts, this superb property combines charm with modern family living. The current owners have significantly enhanced the home, including the addition of a high-quality insulated garden room, just two years old, complete with power—perfect for a home office, gym or studio. The soffits and gutters were replaced in January 2026. At the heart of the house is a stunning family kitchen/breakfast room with French doors opening onto a generous paved patio, ideal for entertaining and outdoor dining. Additional benefits include off-street parking for at least two cars, a good-sized family bathroom. The property also has fantastic scope for further ground floor and loft extensions subject to the required permissions.

Your early viewing is encouraged to avoid disappointment.
