## DESCRIPTION

This exceptional stone-built home has been designed with modern living and energy efficiency at its heart. Nestled within a private development of just three properties, it combines elegant design with practical features, including underfloor heating, an air source heat pump, off-street parking, and landscaped gardens to the front and rear.

The ground floor has been thoughtfully planned to suit both family life and entertaining. A spacious living room opens through French doors to the garden, creating a light-filled space to relax, while the stylish kitchen and dining area provide the perfect setting for family meals and gatherings with friends. A separate utility room adds convenience, and the inclusion of a bedroom and bathroom on this level makes the layout flexible—ideal for guests, a home office, or multi-generational living.

Upstairs, three further bedrooms offer comfort and privacy for the whole family. The principal suite is a highlight, with its generous proportions and private en-suite. Two additional bathrooms, one en-suite, ensure that every bedroom has easy access to modern facilities, making busy mornings a breeze.

Set in the heart of the highly sought-after Scalby Village, the property enjoys a peaceful yet well-connected location. Local amenities, including popular eateries and the village hall, are just a short stroll away, and a nearby bus route provides easy links to Scarborough town centre and surrounding areas. Families will also appreciate the home's position within the catchment area for several well-regarded schools.

Bringing together contemporary style, energy-conscious design, and a prime village location, this brand-new home presents a rare opportunity to secure modern comfort in an exclusive and desirable setting.
