A perfectly situated and charming, spacious and yet cosy family home. Cliff Farm offers over 2300 ft.² of internal accommodation, and represents excellent value for a solid, stone built period property. Constructed of pitched Yorkshire stone, this 4 bedroom home has 3 en suite bathrooms, and a superb open-plan living-dining-kitchen with cloakroom off, and two good sized reception rooms.

Cliff Farm is a small development of just 3 family homes, currently with just the one property finished to living standards so far. It is our clients intention to convert and live in the adjacent Barn, and the third property, a new build plot, to the rear has been SOLD. We have included a plan and model of this exclusive development, so that all potential purchasers of Cliff Farm are fully informed that this will be an exclusive high-quality, small development.

A period property yet having the benefits of modern living to include gas, fired central heating and double glazing.

To the ground floor; – a reception hall with cloak / utility room off, leads into a superb and generous sized open-plan, living-dining-kitchen. In addition, there are two impressive bespoke Welsh dressers with display cabinets, shelving and drawers, and which our vendor is including in the sale. An integrated fridge and freezer, and a high-quality range cooker is included in the sale. This is a light and spacious room having dual aspect windows and two large Velux skylights. To the far end, there is ample space for a dining suite and a sofa or chairs, the bespoke dining suite in situ is available by separate negotiation, as it was purpose made for this room.

A cellar can be reached out of the rear hall and provides useful storage and wine keeping space, having original natural stone shelves, electric consumer board, gas boiler and unvented-pressurised water tank for mains pressure hot water.
