Set within the Grade II listed Porters House on Porters Lane, this three-bedroom apartment forms part of one of Southampton's surviving historic warehouse buildings, combining substantial accommodation with a setting closely connected to the city's maritime past.

Originally constructed as a Victorian warehouse, Porters House retains a strong sense of its industrial heritage, with the building forming part of Southampton's historic waterfront landscape. The development also incorporates part of the city's medieval wall, adding further architectural and historical interest.

This bright and airy apartment provides three-bedroom accommodation with an office together with generous living space and a layout suited to both everyday living and entertaining.

The combination of period character, generous proportions and location gives the property a distinctive feel that sets it apart from a conventional modern apartment. While the apartment would benefit from some refurbishment and modernisation, it offers an excellent opportunity for a buyer to enhance the property to their own taste while retaining its original character and charm.

Porters House is positioned close to Town Quay and Southampton's waterfront, with Ocean Village, Oxford Street and the city centre all within the surrounding area. The location also provides access to Red Funnel ferry services, restaurants, cafés and other waterfront amenities.
