# THE NEW FOREST BEST FOR AFFORDABLE PARK HOME LIVING.

---

The New Forest has been designed to make park home living more affordable than ever before. Our latest home is perfect for those searching for a maintenance free lifestyle.

Built to the brand-new BS3632 (2023), the New Forest is designed to the greatest industry specification yet. This brand new residential standard not only enhances the quality of the build but means your park home will be more energy efficient than ever before.

Both classic and sleek this entry level home cuts no corners when it comes to style. Filled with a soft grey colour palette and complimented with cashmere and oak, the New Forest is the ideal canvas for those looking to truly make this home their own.

The heart of this home is without a doubt the kitchen. Its shaker style units and parquet effect flooring make it elegantly modern. The design of the room focuses on prioritising storage without compromising that all important work top space.
