Hunters have pleasure in offering this modern style town house to the rental market.

Situated on a small development of similar styled homes it offers a fitted kitchen, modern bathroom and en suite shower. Public transport is available near the entrance to this development and would allow access to surrounding centres of commerce. Additionally, access to the M53 motorway is close by which again provides access to Liverpool, Chester, M56 and beyond.

This home would lend itself to a professional couple or someone wanting to downsize- whatever your position we would strongly recommend an early viewing.
