Bedroom located to the first floor of the home.

Occupying a particularly generous and private plot, this substantial three-bedroom detached bungalow offers an impressive amount of space and an exceptionally versatile layout. Beautifully maintained throughout, it would make an ideal family home while also suiting anyone looking to downsize without compromising on space.

The ground-floor accommodation includes an immaculate fitted kitchen and a spacious lounge diner leading through into the conservatory. The principal bedroom benefits from fitted wardrobes, while the second bedroom offers useful built-in storage. The family bathroom is fitted with both a bath and separate shower.

Bedroom Three currently incorporates the permanent staircase leading to the two loft rooms, which restricts its practical use and may make it better suited at present as a study or occasional room. It could potentially be reinstated as a more conventional bedroom by altering or removing the staircase, subject to any necessary professional advice and approvals, although this would restrict normal access to the loft space.

Upstairs, the previously converted loft provides two substantial rooms with proper windows and excellent head height. These offer extremely useful additional space for home working, hobbies, storage or a variety of other purposes.

Externally, the bungalow occupies an excellent-sized private plot and benefits from a tandem-style double garage. The property also retains some lovely character and has clearly been exceptionally well cared for by its current owners.

Situated within the highly desirable Old Brumby area, the property is conveniently positioned for Central Park, popular schools and colleges, local amenities and excellent motorway access for commuters.

A spacious and highly versatile bungalow that must be viewed to fully appreciate the accommodation, flexibility and generous plot on offer.

Please note: No Building Regulations approval documentation has been provided for the loft conversion. The two loft rooms are therefore not included within the advertised bedroom count
