DESCRIPTION

A rare clifftop development opportunity on the Yorkshire coast. Moor Farm comprises two farmhouses and a range of traditional brick and pantile barns, set within approximately 2.02 acres with far-reaching sea views over Hunmanby Gap.

Full planning permission (ZF24/01085/FL) has been granted for the conversion of the barns into 7no. individual dwellings, sitting alongside the two existing farmhouses to give 9 dwellings in total. All properties require full renovation throughout.

Together the 7 approved barn conversions provide 21 bedrooms across roughly 8,560 sq ft GIA, ranging from a 2-bedroom cottage to a 4-bedroom home. The two existing farmhouses each offer 3 bedrooms with two reception rooms, a kitchen and a study/craft room, currently unmodernised.

This is a genuine one-off opportunity to acquire a substantial coastal farmstead with consent already in place, in a position on this stretch of coast that simply cannot be replicated. A further detached barn on site is not included in the sale.

Prospective purchasers should note that a Biodiversity Gain Plan condition must be discharged before works can commence on the barns, however, this has been submitted. Further pre-occupation conditions apply relating to site access, ecology and approved materials. Full planning documentation is available on request.

Moor Farm sits directly on the coast at Hunmanby Gap, within easy reach of Filey and Scarborough, approached via a private track off Sands Road.

There are also two detached barns, one to the north, and one to the east of the development, these, along with approximately 5 acres are available by separate negotiation.

For sale by private treaty, guide price £1.1m. Strictly by appointment through Hunters.
