Since being purchased the property has been extensively refurbished. The road itself is conveniently tucked away from the main high street but offers seclusion and peace as well as a community orientated pub in close vicinity. There is an abundance of shops, restaurants and amenities in the local area.

The property has been a happy family home for many years and here is what the owners have had to say:

Why we bought the house:

We were looking to buy our first home together and fell in love with this house. We loved the location and the fact it was detached which is a very rare find in London on our budget! We thought the house had a lot of potential and were excited to renovate it.

What we had done to the house:

1. Whole interior re-decorated
2. Brand new kitchen installed (all new appliances, underfloor heating, new wiring, new spotlights, storage solutions, quartz countertop)
3. New front & rear external doors
4. New central fuse box
5. New stairs with under stairs storage built-in and antique brass hardware

6. Porch renovated, sensor spotlight installed & new flooring put down
7. 100% natural wool installed in the entire upstairs including staircase runner
8. New shower screen & bathroom cabinet installed
9. New down lights in hallway

Why we have enjoyed living here:

It's been the perfect first home for us. We've loved making the house our own and have poured a lot of love into the renovation. We've loved hosting friends and family in any weather - the south facing garden is the perfect place for bbqs and entertaining. We've loved the community feel this area has. Alex, the pub landlord across the road, was so welcoming when we first moved and has been a great friend over the years - always collecting a parcel for us and even giving us a free drink every now and then. The location is amazing with direct trains to central London in 20 mins, Lidl just a 2 minute walk away and tooting common 5 minutes away.

Local Transport Links Include:
