Entrance Hall

The formal access to the bungalow is via the front door which leads to the entrance hall. In here you have plenty of inbuilt storage cupboards, a place to hang coats, and you have access to the living room, bedrooms and bathroom.

Living Room

This is a wonderful space with a large corner window with a lovely outlook and helps to flood the room with natural light. There is an attractive laminate floor that extends into the kitchen, the entrance hall, and bedroom one creating a coordinated sleek look. There is space for a sofa, chairs and television table and the room is open plan to the kitchen/diner.

Kitchen/Diner

The kitchen cabinets have a high gloss finish and are presented in a mixture of white and light grey cabinets with a contrasting work-surface over. The splashbacks are a mixture of grey tiles and bronzed panels and the cabinet handles are finished in a brushed bronze along with the mono tap over the inset sink and drainer. Integral appliances include a ceramic hob with extractor fan over, an electric oven and built-in microwave, and a fridge/freezer. There is under counter space and plumbing for a washing machine and a dishwasher and there is an attractive tall column radiator. Large French doors to the side elevation allow an abundance of light to radiate in and they offer a pretty view of the side garden. In the corner beside the doors there is space for a family sized dining table and chairs.

Bedroom One

Located at the rear of the house, this is the larger of the two bedrooms and has a range of fitted wardrobes with hanging spaces and shelving and there is a window to the rear elevation. The room also has the advantage of double doors that connect directly with the bathroom which is a huge benefit for those with mobility issues and need easy access solutions. If required there is a motorised ceiling hoist which leads from the bed directly to the bath, and if not needed the tracks can simply be unscrewed and the unit removed.

Bedroom Two

With a fitted wardrobe and top boxes for storage, and being located to the front of the house with a window to the front elevation.

Bathroom

The bathroom has been recently refitted and includes a shower cubicle, wash-hand basin set on a vanity unit and a low level WC. There is also an Astor Bannerman

hydraulic bath that is height adjustable and works perfectly with the motorised hoist that leads from bedroom one. The advantage this affords owners with mobility issues is significant, but if not required by the current owners could remove the bath and replace with something more standard.

Gardens

The bungalow is surrounded by immaculately kept gardens. The current owners put extra love and care into their plot and it is planted with specimen shrubs, plants and shaded by mature trees. At the front of the house there is a rockery where weathered limestone and large format shrubs mix and combine to set the bungalow back from the road. The paths are all level access and you either follow the elevated (but flat) path to the front door or the wide path to the side of the bungalow and access the house via the double doors to the kitchen. And to the rear, the garden boundary is marked with an attractive stone wall and there is a further patio and a well kept lawn.

Parking

Parking is roadside outside the house, and whilst unallocated, there is no problem with finding spaces. In practice there is a kerbside space immediately outside the bungalow and a double parking bay to the side. Being located in private grounds there is no need for permits and little pressure for spaces.

Lease, Service Charge & Occupancy Restriction

The terms of the lease are that all owners have an equal share of the Freehold. The leasehold is for 999 years from 01/03/1987, leaving an unexpired term of 960 years. There is an age restriction on ownership to persons of 55 years and older. We are advised that the current management fee for service is £150 per calendar month.
