Hunters are pleased to present to the market this well appointed two bedroom ground floor apartment located with the sought after location of Kennington. The ground floor apartment is sure to suit a verity of buyers, from first time buyers, and those whom may be looking to downsize to gain ground floor living at the fraction of the cost of a bungalow!

As you arrive to your new home, you'll note the wrap around green lawn that surrounds your property which separates you from the car park; upon entry, you'll arrive in a light and airy entrance hall that also offers a handy storage cupboard, ideal to kick off your shoes and hang up your coat, keeping it neatly tucked out of the way. On your left hand side, you will find the guest bedroom, certainly large enough for a double bed and other bedroom furniture. Next door, is the family bathroom, which services bedroom two; the bathroom itself consists of a shower over bath, shower-screen, wash hand basin and W/C.

As you follow the hall round to the reception room, which is where you will discover the 'hub' of the home, a spacious reception/dining room along with a separate well appointed kitchen. The kitchen itself offers ample array of wall and base units providing plenty of space for free standing appliances if needed. The lounge is the perfect spot to leave those double patio doors open and gaze out, or even pop a table and chairs outside and dine alfresco in the warmer summer evenings.

The master bedroom is located to the end of the hall and offers an en-suite shower room, a huge bonus for this flat boasting two toilets! Ensuring there are no que's for the bathroom in this property in the morning rush! In our opinion, this apartment is being brought to the market in good order whilst still allowing the new owner to add their stamp to this neutral canvas!

Externally, there is designated parking for the property, under a handy covered space under a barn style-type car port. The patio doors lead to a small outside patio area and large communal laid to lawn area.

Mains services are connected, except gas (electric central heating) but none have been tested by the agent.

Flood Risk: Very low Each year, there is a chance of flooding of less than 1 in 1000 (0.1%)

Average Broadband Speed: 49mb Superfast :10000mb Ultrafast :10000mb
