Dating back to 1735, this period stone cottage (formerly two cottages) is Grade II listed, located centrally to all town centre amenities including train and bus stations, and offered to the market with no onward chain.

The accommodation is deceptively spacious and arranged over two floors. The cottage benefits from a wealth of character features including original beams, floorboards and exposed stonework, as well as a conservatory, courtyard garden and a parking space to the rear.

The current owner has replastered the kitchen and put down new carpets but there is room for further upgrades. The rooms comprise of a large dining room with fireplace and secondary glazed window with window seats, inner hall, kitchen with a range of wall and base units, cooker and space for a dishwasher, conservatory with door to the gravelled courtyard garden and bathroom with shower over the bath. The wooden staircase leads to a spacious open plan area, ideal as a study area. Original floorboards run through the whole of the upper floor. Bedroom 1 is a vast bedroom with exposed beams and a vaulted ceiling, which could potentially be divided into two rooms. Bedroom 2 is also a double bedroom with a shaped beamed ceiling.

The property sits in the heart of the town within easy access of Bicester Village and the train station. The parking space to the rear can be accessed via a gravel driveway to the side of cottages and the rear courtyard garden contains a hot tub.
