The Indoors

The impressive apartment is accessed via the steps leading to the raised ground floor. The private entrance opens into an impressive long hallway providing excellent space to store bikes, shoes and coats. The exposed brick work wall spans the entirety of the apartment and is a feature on every level and extra wide engineered wooden flooring can be found underfoot throughout. A neutral colour palette complements modern sleek lines and an upgraded staircase with glass balustrade links each floor majestically. The first floor has a recently modernised bathroom with gold fittings and towel rail and views over the rear gardens. Flowing up a few steps you are greeted with a bright hallway with an abundance of natural light from both bedrooms, the 2.5m floor to ceiling swing doors allow the light to illuminate the space perfectly. The main bedroom is wonderfully spacious with built in wardrobes, feature tiled wall sourced from Otto Tiles and Design in London Fields and large aluminium framed windows and doors. The second bedroom is a bright space and makes the perfect guest room/home office with views over the rear gardens.

The modern staircase leads to the top floor with glass balustrade and opens onto the wonderful space ideal for entertaining and relaxation. The light filled room has large planks of engineered wooden flooring underfoot with a contrasting white kitchen, integrated appliances and bespoke media unit to compliment the look. The exposed brick wall gives an industrial feel and links the living and dining space perfectly, large sliding doors open onto the outdoor terrace providing the perfect place to enjoy alfresco dining and evening sun.

The Outdoors

The terrace is accessed through sliding doors in the open plan living area. Smart decking runs underfoot and a built-in bench offers a wonderful space for relaxation. There is ample space for a dining table and chairs here, making it the perfect spot for outdoor entertaining or a quiet dinner owing to its secluded position. Something of a suntrap, the terrace is south facing and therefore receive plenty of sun.
