25 Bronallt

Leeswood, Mold, CH7 4RZ

Offers Over £220,000

Accommodation Comprises:

The property is approached via a gravelled driveway with a central paved pathway leading to the front entrance.

Entrance Hall

Stepping through a wood grain PVC front door with frosted glass inset, you are welcomed into a spacious entrance hallway. This area features tiled flooring, loft access, textured ceiling and a courtesy light, offering a practical and inviting first impression. A wooden door with glazed inset panels provides access to the rear garden.

Lounge

To the right of the hallway lies the main lounge, a warm and versatile space large enough to accommodate both living and dining furniture. A striking exposed brick fireplace with wooden mantel currently houses an electric log burner effect unit, creating an attractive focal point. The room enjoys excellent natural light, with double wooden doors opening to the rear elevation and a further wood grain effect PVC window with top opener to the front. The lounge is finished with tiled flooring, textured ceiling, TV aerial socket, and a double-panelled radiator.

Kitchen

The kitchen is well proportioned and fitted with a range of wall and base units complemented by work surfaces. A stainless steel sink with mixer tap and drainer sits beneath a wood grain effect PVC window to the side, while splashback tiling and tiled flooring complete the finish. There is space for an electric oven with extractor over, an American-style fridge freezer, as well as plumbing and voids for both a washing machine and dishwasher. A further side window brings additional light into the space, which also has ample room to accommodate a breakfast table.

Inner Hallway

An inner hallway leads to the bedroom quarters, complete with a further loft access point and courtesy lighting. Doors lead to:

Bedroom One

The principal bedroom is of exceptional size, comfortably accommodating a king-size bed alongside large wardrobes, with further potential to create a dedicated dressing area. Sliding wood grain effect PVC doors open directly onto the rear garden, enhancing the sense of space and connection to the outdoors.

Bedroom Two

The second bedroom is another generously proportioned double, currently arranged with two beds. A built-in storage cupboard with

fitted shelving offers useful practicality. The room is served by a double-panelled radiator, wood grain effect PVC window to the front elevation, and finished with wall light points and a textured ceiling.

Bedroom Three

The third bedroom is again a well-sized double, currently utilised as a children's bedroom. This versatile space has double wooden doors leading to an adjoining area, providing excellent potential to be used as a dressing room, study, or even converted into an en-suite if desired. This space is currently utilised as a playroom. A sliding PVC door opens directly to the rear elevation, and the room is finished with wall light points and a textured ceiling.

Bathroom

The family bathroom has been recently updated by the current owners and now features a modern three-piece suite. This includes a panelled Jacuzzi-style bath with mains-fed waterfall shower and hand attachment, a close-coupled WC, and a wash hand basin set within a vanity unit with soft-close storage. The walls and floor are fully tiled, with recessed spotlighting, extractor fan, and a PVC tongue-and-groove ceiling completing the contemporary finish. A frosted double-glazed window to the side provides privacy.

Outside

One of the true highlights of this property is its outstanding rear garden, which is far larger than typically expected for a home of this style. Immediately from the house, a paved patio with wooden pergola provides a pleasant seating area, while to the side lies an additional section of garden laid to a mixture of patio and gravel. This versatile space offers an ideal opportunity for extension, subject to planning permission, without compromising the overall size of the plot. From here, steps lead down to an extensive lawn that stretches a considerable distance, bound by a variety of mature trees and shrubs. Towards the far end of the garden sits a brick-built outbuilding, perfect for storage or offering scope for conversion into a home office, gym, or annexe. Double wooden gates provide vehicular access from the rear, creating the rare advantage of additional parking or the option of a separate entrance should the garden ever be used for a new dwelling. While the garden does require attention and improvement, its scale and potential are truly remarkable, offering endless possibilities for landscaping, recreation, or further development.
