The property is approached via a gravelled driveway, providing off-road parking and access to the attached garage. Entry to the home is through a uPVC double-glazed front door with a frosted glass inset, which opens into a spacious entrance porch.

Entrance Porch

This welcoming area offers a practical space for coats and shoes and features wood-effect laminate flooring, creating a modern and durable finish. From the porch, there is internal access to the attached garage on the left-hand side, while to the right is a conveniently positioned downstairs WC.

Downstairs WC

The downstairs cloakroom is fitted with a two-piece suite comprising a low flush WC and a wash hand basin with splashback tiling. The room also benefits from a single panel radiator and a double-glazed uPVC window to the front elevation with a top opener, allowing natural light while maintaining privacy. The wood-effect laminate flooring continues seamlessly from the entrance porch, contributing to a cohesive and contemporary feel.

Living Room / Dining Room

A wooden internal door with frosted textured glass leads from the porch into the main living accommodation. This area forms one large, open-plan space that incorporates both the living room and dining room. The room offers generous proportions and flexible living arrangements, making it ideal for both everyday family life and entertaining guests. Stairs rise from this room to the first-floor accommodation, while the space itself is enhanced by a curved ceiling, multiple central ceiling light points, and three single panel radiators positioned throughout to ensure warmth and comfort. The room also benefits from TV aerial sockets and power points, along with the continuation of the wood-effect laminate flooring which adds to the sense of flow throughout the ground floor.

At the rear of the living and dining area, double-glazed uPVC patio doors open directly onto the rear garden, allowing plenty of natural light to enter the room and providing easy access to outdoor space.

Kitchen

The kitchen is accessed from the dining area and is fitted with a range of high-gloss wall and base units with complementary work surfaces over. The kitchen includes integrated appliances such as a four-ring gas hob by Lamona with an extractor hood above, a matching Lamona oven, and a Russell Hobbs built-in microwave. There is also space

provided for a freestanding fridge freezer. A stainless steel circular sink unit with mixer tap is set within the work surface, and there is a cupboard housing the Worcester boiler. The kitchen further benefits from plumbing and space for a washing machine, PVC splashback panels along the work surfaces, wood-effect laminate flooring, and a single panel radiator. Natural light is provided by a double-glazed uPVC window to the rear elevation, while a further double-glazed uPVC door leads out to the rear garden.

Landing

Stairs from the dining area rise to the first-floor accommodation, where there is a gallery-style landing. The landing features a double-glazed uPVC window to the side elevation, allowing additional natural light into the space. There is also access to the loft and a useful storage cupboard which provides ample space for household items. From the landing, doors lead to the bedrooms and the family bathroom.

Bathroom

The family bathroom is fitted with a modern three-piece suite comprising a panelled bath with an electric shower over and a fully tiled enclosure. There is a close-coupled WC and a wash hand basin set within a vanity unit, offering both style and additional storage. The room also benefits from a heated towel rail, wood-effect laminate flooring, and a double-glazed frosted uPVC window to the rear elevation.

Principal Bedroom

The principal bedroom is situated at the rear of the property and is an excellent size, comfortably accommodating a king-size bed along with additional bedroom furniture. The room benefits from a double-glazed uPVC window overlooking the rear garden and a single panel radiator. Built-in wardrobes with double doors provide useful storage, complete with hanging rail and shelving.

Bedroom Two

A well-proportioned second bedroom with a single panel radiator and double glazed uPVC window to the front elevation.

Bedroom Three

The third bedroom is positioned to the front of the property and functions well as a single bedroom, nursery, or home office. It features a double-glazed uPVC window to the front elevation, a single panel radiator, and a built-in storage cupboard located over the stair recess. This cupboard offers additional storage space and includes a hanging rail and shelf.
