An impressive detached three storey property with attached former annex occupying a sizeable plot extending to over half an acre in this delightfully convenient rural location.

The main homestead offers much character however would benefit from some sympathetic improvement and modernisation. The annex fondly named Elsie's Cottage is in a derelict state and requires complete modernisation.

The grounds are generous with a large garden to the front and rear garden that backs onto open farmland.

There is ample off road parking and useful brick built outbuildings.

No upward chain

Asking Price:

£550,000

Ground Floor

The main access door is at the front of the property and leads into a delightful **Entrance Hall** with beautiful Minton tiled floor with stairs rising to the first floor landing and internal access doors to the main receptions rooms, Living and Sitting Room situated at the front of the property. The **Living Room** would provide a spacious living area or Family Room having a feature fireplace, while the Sitting Room is equally spacious with open fire and dual aspect windows and internal access door to the rear Dining Room.

A particular feature of the **Dining Room** is the uniquely designed fronted book case to one wall which provides a *secret entrance door* to the **Cellar** providing useful cold storage. In the Dining Room is also an open fire and secondary staircase leading to the first floor probably the former servants access.

The **Kitchen** is accessed from the Dining Room, it is not fitted but has a sink and drainer and appliance space along with stone trawls, quarry tiled floor and shelf storage, this was most probably the former pantry serving the property. The **Rear Hall** provides excellent hanging and boot storage with external door to the rear, tiled floor and internal doors to the Dining Room and **Ground Floor Shower Room** having three piece shower suite including WC.

First Floor

The **Landing** is accessed from the Entrance Hall and continuing up to the second floor, the landing provides internal access to **Bedroom One** and **Bedroom Two** both double bedrooms with windows to the front. The **first floor passage** provides access to the rear staircase rising from the Dining Room and internal access to **Bedroom Three** another double bedroom. Also accessed from the first floor passage is the **Bathroom** and **Separate WC**.

Second Floor

The second floor landing leads to Attic Bedrooms (**Bedroom Four** and **Bedroom Five**), both are good sized double rooms similar to Bedroom One and Bedroom Two which are situated beath and are front facing.

Elsie's Cottage

A former self contained cottage which had been used as separate accommodation in the past but is now in a dilapidated state requiring complete refurbishment as there are no facilities fitted.

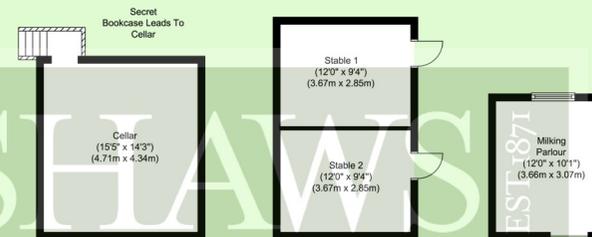

It offers accommodation on two floors with great scope to return to a separate self contained cottage either for use for a dependant relative or holiday letting. It has a spacious ground floor room which would make an excellent reception room with a central hallway providing access to a landing area and two rooms on the first floor.

Whilst every attempt has been made to ensure the accuracy of the floor plan contained here, measurements of doors, windows, rooms and any other items are approximate and no responsibility is taken for any error, omission, or mis-statement. This plan is for illustrative purposes only and should be used as such by any prospective purchaser. The services, systems and appliances shown have not been tested and no guarantee as to their operability or efficiency can be given.

Assessments First

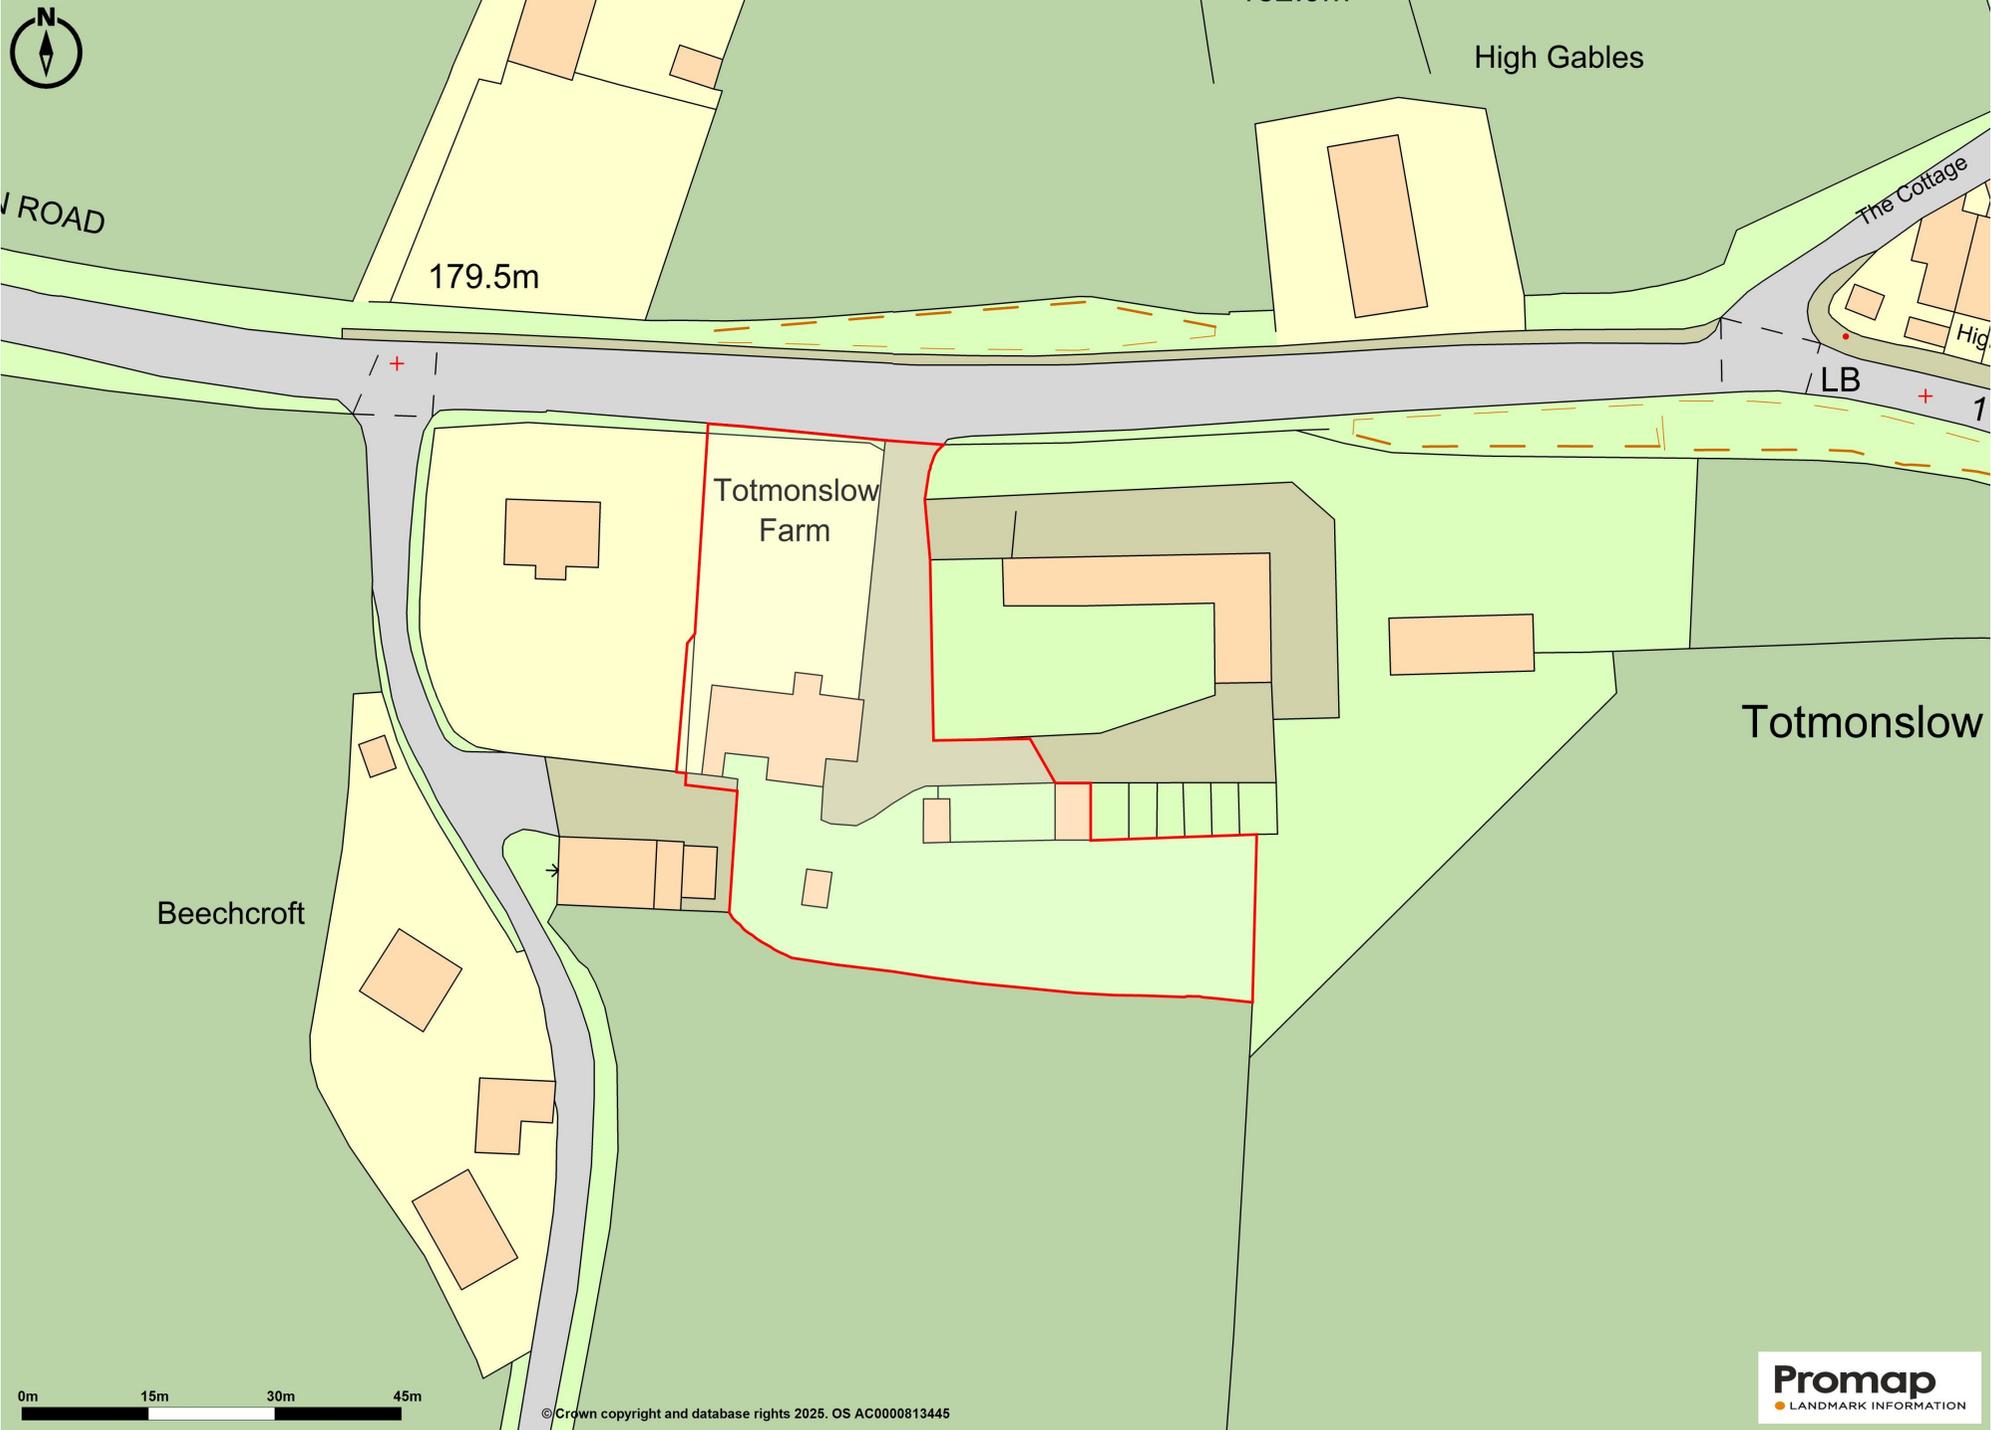

Externally

The property is accessed along a wide private drive which leads along the side of the property to a hardstanding area adjacent to the **two detached brick built outbuildings** which are currently used for storage.

The front gardens are generous and predominantly laid to lawn with low level brick border wall with pedestrian gate access to the driveway. The immediate rear garden is lawned with matured trees and shrubs with the oil tank and septic tank situated within this area. The rear garden then continues at right angles and provides a good-sized garden which backs onto open fields. It is bordered by fencing to the south and a high level brick wall to the north to retain a high level of privacy.
