Description

Lane end wood was established between the late 1950's and the 1960's, predominantly planted with beech, Corsican and Scots pine along with an array of broadleaf species. The species present to this day hold commercial value whilst simultaneously appealing to investors seeking to extract environmental value or amenity benefit, both being of increasing popularity.

Location:

Lane End Wood is situated in the heart of the Dukeries, conveniently adjoining the B6034 Workshop to Ollerton road as well as having gated access onto the Clumber Road, 2 miles south of Workshop. The A1 is located 7 miles east of the property offering convenient connections both North and South of the country.

Directions

From Workshop the property is situated 2 miles south alongside the B6034 from the A57 roundabout, with the primary access located left off the B6034 on the Clumber Road (What 3 Words location: fixture.sheets.providing)
