Accommodation

The property presents a traditional, brick-built dwelling upon a generously-sized plot with generous accommodation suitable for family living. Internally the dwelling would benefit from a scheme of modernisation but offers plentiful opportunity, boasting character features throughout including exposed timbers beams, masonry, and quarry tiled floors.

With entrance through the front hallway, a sitting room locates to the left benefitting from dual aspect views across the gardens and a feature fireplace. A snug locates to one end, presenting further living space. A dining room hosts a fireplace, with access through to a kitchen with fitted units, and a useful boot room with external access into the garden. A utility room and shower room locates to the rear of the dwelling. Rising to the first floor, the master bedroom boasts built-in wardrobes and an ensuite, with three further bedrooms and a family bathroom. The accommodation requires renovations but allows a purchaser to modernise to their own taste, and adapt the internal layout should one wish.

Externally

The property occupies a sizeable plot, with a pleasant and private lawned garden area lined by planted borders and mature trees providing seclusion and a true 'countryside' feel. The electric gated driveway leads into a good-sized parking area, with space to accommodate multiple vehicles.

A substantial brick-built, detached double garage offers a useful space - whether that be utilised for undercover parking, a workshop, or general storage. There is ample space to erect further outbuildings and/or stables should a purchaser wish, subject to the necessary planning consents.

Land

The land situates to the rear of the dwelling, mostly down to permanent pasture suitable for grazing of livestock and mowing, with clusters of mature trees scattered centrally. The land is divided into multiple paddocks, bounded by post and rail fencing and mature hedgerows, and is considered to be in good heart. Access to the land is via the driveway only and yard area, situated in a sought-after ring fenced formation. Due to the situation of the land, the property presents future development potential, although no planning applications have ever been submitted and we advise interested parties to make their own planning enquiries.
