DESCRIPTION

Built in the latter part of the Victorian era this spacious bay fronted terraced house forms part of a highly favoured locality adjacent to the town centre of Altrincham with its highly popular Market Hall which contains a variety of establishments including small independent retailers and informal dining options. The Metrolink station provides a commuter service into Manchester and the property also lies within the catchment area of highly regarded primary and secondary schools. In addition, Stamford Park is just a few yards distance to the east with recreational areas including a children's playground and tennis courts.

Typical of the era it is difficult to appreciate from the exterior the extent of the accommodation within and much of the original character remains with tall ceilings, decorative mouldings and panelled doors complemented by modern enhancements such as sympathetically designed double glazed windows and gas fired central heating.

Approached beyond a beautifully landscaped courtyard and attractive entrance hall with natural wood flooring, the accommodation is exceptionally well presented throughout and benefits from a well planned extension at the rear. To the front there is an elegant sitting room with the focal point of an impressive wood burning stove and the separate living room features a stone fireplace surround with living flame gas fire. The stunning kitchen is fitted with Shaker style units, quartz work-surfaces and NEFF integrated appliances and provides ample space for a dining suite set beneath a vast roof light. French windows open onto the paved rear terrace which is ideal for entertaining during the summer months with the added advantage of a southerly aspect to enjoy the sunshine throughout the day. Completing the ground floor is a well appointed cloakroom/WC.

The basement is arranged to include a useful utility area alongside a generous chamber currently utilised for storage and with much further potential.

At first floor level there are two excellent double bedrooms with fitted furniture and luxurious family bathroom/WC with traditional style suite. The loft conversion may be used as a self contained suite comprising double bedroom, dressing room with built-in wardrobes and contemporary shower room or alternatively two separate bedrooms with one being en suite.
