

FOUR BEDROOMS | TOWN CENTRE LOCATION | GARAGE | STUNNING OPEN-PLAN LIVING/DINING KITCHEN | EXCEPTIONAL ENERGY PERFORMANCE

Situated in the heart of Ashbourne town centre, this impressive three-storey, four-bedroom family home has undergone significant upgrades, including newly installed uPVC doors and windows; this combined with the solar panels results in a very high energy-performance property. Further benefits include gas central heating throughout.

In brief, the accommodation comprises an entrance hall with guest cloakroom, a ground-floor study, and a stunning open-plan kitchen/dining/living space. To the first floor is a spacious lounge and a bedroom with en-suite facilities. The second floor offers three further bedrooms, including the master bedroom with en-suite, along with a family bathroom.

Externally, the rear garden has been designed for low maintenance. The property also benefits from a single garage with electric door and front parking space.

Hallway

A welcoming entrance hallway accessed via a composite front door. The space benefits from two central heating radiators, smoke alarm, doorbell chime, and a useful double built-in wardrobe cupboard housing the electric meter, consumer unit, solar panel isolator switch, along with shelving and hanging rails. A staircase rises to the first-floor landing, with doors providing access to the principal ground-floor accommodation.

Living/Dining Kitchen

The adaptable hub of the home, this impressive open-plan kitchen, dining, and living area is flooded with natural light.

The kitchen area features a uPVC double-glazed window to the side elevation and is fitted with a range of matching base and eye-level cupboards and drawers, complemented by granite drop-edge preparation work surfaces. Integrated appliances include a sunken stainless-steel sink with mixer tap, induction hob with extractor hood, oven and grill, dishwasher, fridge, freezer, and an integrated microwave housed within cabinetry. A breakfast bar provides additional dining and entertaining space, with ceiling spotlights enhancing the modern finish. The central heating gas boiler is neatly concealed within a cupboard, and panelled flooring continues throughout.

The living and dining area enjoys two double-glazed windows to the rear and side elevations, along with uPVC double-glazed French doors opening onto the rear patio, creating a seamless indoor-outdoor flow. The focal point of the living space is a wall-mounted electric fireplace, complemented by two central heating radiators. Additional storage is provided by a useful understairs pantry cupboard, with a door leading back into the hallway.
