

Nestled within a secluded and peaceful corner of Shavington, this exclusive bespoke development comprises just four individually designed new-build homes. Thoughtfully crafted to combine contemporary living with village charm, each property offers high-quality finishes, energy-efficient construction, and carefully considered layouts tailored for modern family life.

Set away from the main thoroughfares, the development enjoys a private and tranquil setting while remaining conveniently positioned for local amenities, reputable schools, and excellent transport links to nearby towns and commuter routes.

Each home benefits from private parking and integrated EV car charging points, reflecting a forward-thinking approach to sustainable living. Spacious interiors, landscaped gardens, and premium specifications throughout ensure a perfect balance of comfort, style, and practicality.

Entrance Hallway

A welcoming hallway featuring contemporary ceiling spotlights and a smoke alarm, with a dog-leg staircase rising to the first-floor landing. An underfloor heating thermostat ensures comfort, while stylish internal oak doors provide access to the principal ground floor rooms.

Lounge

Positioned to the front elevation, the lounge benefits from a UPVC double-glazed window allowing for plenty of natural light. Additional features include a TV aerial point and underfloor heating with individual thermostat control.

Kitchen/Diner

The heart of the home is this impressive open-plan kitchen diner, fitted with a range of matching base and eye-level units complemented by drop-edge work surfaces. Integrated appliances include a fridge, freezer, four-ring induction hob with stainless steel extractor hood, oven and grill, dishwasher, and a one-and-a-half stainless steel sink with mixer tap.

Ceiling spotlights and a smoke alarm add to the modern finish, while a useful understairs cupboard houses the underfloor heating manifold.

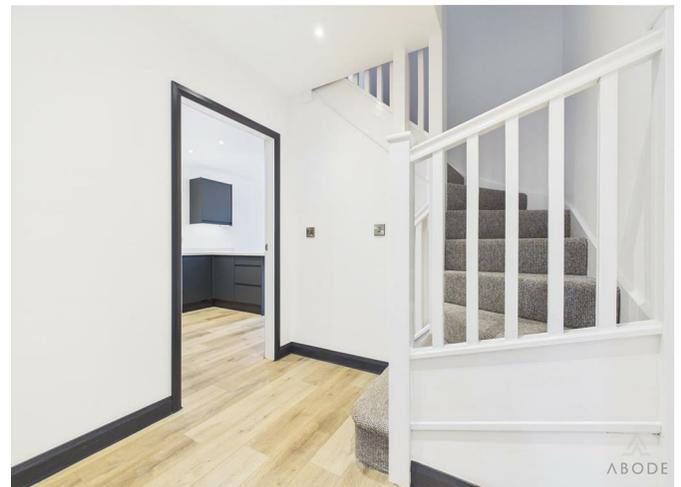

The dining and living space enjoys French doors with adjoining double-glazed windows opening onto the rear garden, creating a bright and sociable environment ideal for entertaining. Additional features include underfloor heating controls, a TV aerial point, and access to:

Utility Room

With a UPVC double-glazed window to the rear and a side entrance door, the utility provides plumbing and space for freestanding undercounter appliances. It also houses the electrical consumer unit and features ceiling spotlights, an extractor fan, and internal access to:
