ACCOMMODATION
The front elevation is a classic 1930s frontage, with a gated entrance, mature shrubs in the front garden, and a leafy pathway at the side to the rear of the house. The house retains its original 1930s character, featuring original picture-rails, and authentic character fireplaces in the main bedrooms.

Steps lead up to a part-glazed wooden front door which opens into the hall, with carpeted stairs to the first floor and a door to the living room.

There are original wooden floor boards and many original 1930s features throughout. The bright living room enjoys a wide bay window to the front, and a Dean Stoves Dartmoor 5 Eco wood burning stove with slate hearth.

The kitchen is a bespoke 'unfitted' Artisan Kitchen - features an antique piece converted into a custom unit with a stainless steel sink and tiled top, complemented by thick solid oak counter and open shelving. The stainless steel sink is inset to the tiled worktop. The oven recess has space for a free-standing gas or electric cooker. There is space for free-standing under-counter fridge and freezer beneath a wooden worktop. There is space for a dining table beneath a window, with Berber wool carpeting, and a single door to the side of the property. Glazed door with windows to both sides leads out to the covered porch in the garden.

A separate utility room handles the functional appliances and heavy washing up, including a New Boiler (2025): an A-rated Worcester Bosch combi boiler and an under-sink, recently-serviced water softener, which protects the new boiler and plumbing.

Up the Berber-wool carpeted stairs to the first-floor landing with a window to the side. Loft access is provided by a sliding ladder, and the loft is well-insulated.

Bedroom 1 is a spacious double with wooden floorboards and a large bay window to the front. Bedroom 2 is a double bedroom with fitted wardrobes and a window to the rear. Bedroom 3 is a single bedroom, currently in use as a study.

The first-floor shower bathroom features elegant Fired Earth tiles, brushed stainless steel brassware, a recessed wash hand basin, a w.c. and a walk-in shower with rainfall head and separate handset, and a slip-resistant shower tray. The heated towel rail is dual-fuel.

OUTSIDE
The south-facing rear garden is utterly beautiful, designed as a mature and well-loved cottage garden by the current owners, who are passionate gardeners. It is a well-established garden ecosystem providing year-round interest with continuous colour from spring to late autumn via a mix of mature trees, shrubs, climbing roses, bulbs, and self-seeders. These actively attract local birds, pollenators and butterflies.

The garden is best enjoyed from a solid oak-covered porch patio area, creating a sheltered outdoor seating area, and there is useful storage in a log store and a dedicated fire-pit zone.
