ACCOMMODATION

Towards the lower end of this tree-lined avenue, the house is featured on the south-side of the road. Through the electric double wooden gates and onto the paved upper driveway, with parking for several cars and an EV charging point. A lower driveway in front of the detached garage features parking for 2 further cars.

The front elevation is part-render and brick, with a solid wooden front door and framed by up-and-down lighters.

Into the entry hallway, a generous, bright space with limestone floors and oak woodwork. The under-stairs area features a distinctive reading nook with oak fitted shelves. Further front windows create a calm seating area. Through a pair of glazed internal doors into the generous sitting room, with windows to the front and French doors to the rear, exposed wood floors, a wood-burning stove set into a slate hearth with wooden mantelpiece, and attractive pendant lampshades over the 2 seating areas.

Into the dining room, with limestone floors, which flows as a transitional space into the kitchen. A pair of doors lead from the dining room out to the rear patio terrace.

The kitchen/breakfast room is a particular feature of the house. Installed by restaurateurs, there is a professional working kitchen aesthetic and ample storage in fitted wall and base units, with a quartz composite worktop. Integrated appliances include a range with both gas and electric ovens, and 5 gas burners, with a stainless steel extractor hood and a dramatic steel extraction chimney over. The kitchen also features a Gaggenau steam oven and a Miele coffee maker, a wine fridge a dishwasher and a plumbed American-style fridge-freezer. The kitchen features 2 stainless steel sinks - one for the prep area - which could double as a versatile bar area - and another under the window to the rear.

A pair of French doors lead out to the garden patio, and there is space for a 4-6 seater dining table in the kitchen, with a pretty view over the well-stocked side garden flower beds.

The utility room has glazed double doors, and has space for a washer and dryer and also features a second dishwasher, set among fitted kitchen units.

From the entry hallway, a door leads to a cloakroom with w.c. and wash hand basin, with a window to the front. A generous cupboard features a radiator, thereby creating a useful airing cupboard. Through a pair of glazed internal doors into the large, friendly family room, with dual aspect windows and wooden floors.

Up the oak stairs to the vaulted first floor landing. This space benefits from a 2-storey ceiling height with Velux windows, and a long chandelier.

Into the principal bedroom suite with bedroom 5. Bedroom 5 is currently in use as a smaller dressing room but would make an excellent child's room or a study. The main bedroom has space for a super-king bed, laminate wood flooring, and with views to the rear garden. It opens into an equally large dressing room with sliding doors and mirrors, and through to the en suite bathroom with a walk-in shower, w.c., wash hand basin set into a wall-mounted cabinet and a heated towel rail. Both have windows to the front.

The landing features a wooden staircase up into the loft area, a vast part-boarded space above the bedrooms, connecting both sides of the house.

The family bathroom features floor-to-ceiling travertine tiles, a jacuzzi bath with a shower wand attachment, a w.c., wash hand basin and heated towel rail. Obscure glass windows open to the rear garden.

A comfortable double bedroom has laminate wood flooring, generous windows to the front and an attractive radiator cover.

Through a shared room which is currently in use as a study but could make a useful alternative seating area, and into two very large double bedrooms with exposed beam vaulted ceilings, laminate wood flooring, windows overlooking the rear aspect, and the other bedroom favouring the front aspect. Each bedroom has a tiled en suite bathroom with walk-in shower, wash hand basin and w.c., with a heated towel rail and wall-mounted cabinet.

Outside

The south-facing rear garden is an exceptional space, designed for both outdoor entertaining and relaxing. The vast patio has several eating and seating areas, and an outdoor kitchen makes this a convivial space. The garden has been lovingly planted with mature shrubs, specimen and fruit trees, well-stocked perennial borders, and the lower level features some raised vegetable beds and a child's play area. The whole garden is surrounded by trees and feels intensely private. Up-and-down lighters add drama at night.

The detached garage can be accessed from the lower garden via a pedestrian door, and has an electric door, ample space, and a ladder up to the higher level. It has been constructed robustly, should the owner wish to add a second floor (subject to permissions). The garage is alarmed. The lower driveway in front of the garage also enjoys an electric wooden gate.

LOCATION

Living in Rotherfield Road
