ACCOMMODATION

A beautifully presented and thoughtfully modernised Victorian terraced home, ideally situated on the ever-popular Kings Road, within a short walk of Henley town centre, the railway station and River Thames. This charming two-bedroom property blends characterful period features with a comprehensive programme of improvements carried out by the current owners, creating a stylish and highly practical home arranged over three floors.

The ground floor offers an impressive open-plan sitting and dining room extending in excess of 27 ft, featuring exposed, sanded and varnished original floorboards together with a beautifully restored cast iron fireplace, creating a warm and characterful focal point. To the rear, the kitchen has been completely refurbished in 2025 and fitted with contemporary cabinetry and a range of integrated appliances including dishwasher, washing machine, hob, oven, microwave, fridge and freezer. The kitchen further benefits from underfloor heating and direct access to the rear garden. A newly refitted downstairs cloakroom, completed in 2025, incorporates additional storage together with space for a tumble dryer and secondary fridge.

On the first floor, the principal bedroom is a particularly attractive room with restored cast iron fireplace, fitted bespoke wardrobes installed in 2017 and original varnished floorboards. The bathroom was completely replaced in 2024 and now offers a beautifully appointed contemporary suite including separate bath and walk-in shower.

The second floor has been fully opened up and comprehensively insulated to create an excellent loft room with new windows and newly fitted carpets, ideal as a guest room, study or creative space. New carpets have also been fitted throughout the hall, stairs and landings during 2025.

Externally, the property enjoys a charming landscaped rear garden with raised

decking and seating areas together with a superb garden office/studio installed in 2023, complete with electrics and radiator, providing an ideal work-from-home environment.

Further significant improvements include replacement double glazed UPVC windows throughout the property between 2017 and 2024, new double glazed front and rear doors, a new combi gas boiler installed in 2024, replacement radiators with individual thermostatic controls and a new electronic fuse board fitted in 2016.

Kings Road remains one of Henley-on-Thames' most sought-after residential addresses, appreciated for its attractive period homes and convenient access to the extensive amenities of the town centre, riverside walks and railway station.
