Outside

The front of the property features a well maintained lawn, bordered by a decorative chain and post surround. A UPVC door provides access to an under-stair garden store. (With a UPVC door, housing the gas and electric meters). An external staircase leads to the main entrance on the first floor, while a shared driveway to the side leads to off-road parking and access to the four garages located at the rear. The property offers off-road parking for multiple vehicles, along with four garages, each with up-and over doors (3 of which are leased out). The garage houses the consumer unit, along with controls for the solar panel system.

Across the car park to the rear, you'll find private gated access to a paved courtyard garden, fully enclosed by panel fencing. This attractive outdoor space provides the perfect setting to create your own private haven for relaxing or hanging washing to dry.

Agent note

The roof space is currently leased to Freetricity for the installation of solar panels, providing the benefit of renewable energy generation. The current owners have advised that the solar panels help to significantly reduce their electricity costs.

Lease information

The property is freehold, and the garages located beneath the home are situated on the owner's land. Three of the garages are leased, with an annual small ground rent payable by the leaseholders.
