## Location

This home is situated in the charming semi-rural village of Blundeston. Blundeston is nestled in the county of Norfolk and is situated just 3.5 miles North-West of the seaside town, Lowestoft. The village is set on a bus route which provides direct access into Lowestoft town centre, along with the picturesque town of Beccles. Conveniences such as a primary school, a village hall, bowls club and a public house make up this tight knit community. Nearby, you'll find the Norfolk & Suffolk Broads, lined with many beautiful towns and villages to visit, making it a perfect place to call home.

## Outside

To the front, a spacious driveway offers off-road parking for multiple vehicles, complete with outdoor lighting. A pathway leads to the main entrance door, while a side path provides access to a useful outdoor storage area and continues through to the rear garden.

A gated side passage features an outdoor tap, additional lighting, and access to the sitting room—offering ample space for bin storage and other outdoor items. A second gate leads through to the rear garden.

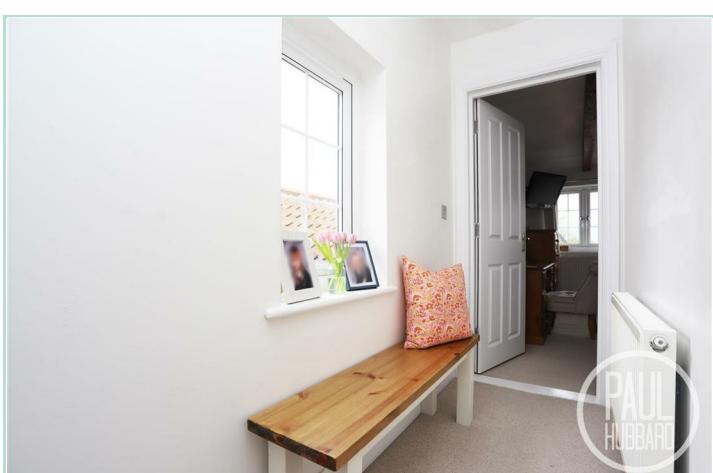

The beautifully maintained, southwest-facing rear garden is ideal for relaxing or entertaining, with a generous patio area perfect for outdoor dining, complete with outdoor sockets. Raised, well-stocked planters add character, while steps lead up to a large lawned area and a timber storage shed. Fully enclosed by a mix of panel fencing and brick wall, the garden is wonderfully private, backing onto open fields with no overlooking—providing a peaceful, unspoilt setting.

## Agent Note

Please note, the property's legal boundary as per the title does not align with the current fence line. The correct boundary runs straight along to the end of the garden. The area where the Wendy house and swing set are currently located belongs to the neighbouring property and has been temporarily used by agreement between the parties. Upon completion of the sale, this area will revert to its original arrangement in line with the legal boundary and the fence will be re-erected in the correct positioning.
