There is also gated access leading to the rear garden and a handy outdoor tap. The frontage was improved last year (2025), including the installation of the new driveway, replacement fencing, and K-render applied to the front of the house.

Steps lead down to the south-east facing rear garden, which offers a laid lawn and planted borders with mature trees. A patio area provides an ideal space for outdoor seating, and the garden is equipped with outdoor sockets, lighting, and an outdoor tap. At the rear of the garden there is space behind the outhouse, along with a timber storage shed. The garden is fully enclosed by panel fencing, and bifold doors open into the outbuilding.

With facilities already in place, the outhouse offers superb flexibility and could easily serve as a home office, studio, guest accommodation, or annexe-style space, ideal for multi-generational living.
