Full Description

Description

Situated in the pretty village of Frampton Cotterell, The Close, Mill Lane is an 18th century Longhouse dating back to 1760. We believe from the 1820's to sometime before WW1 the property was a Public House called The New Inn, it was also a meeting place for Frampton Cotterell Feltmakers Friendly Society. The property was derelict in the 1980's and then fully renovated to modern day standards in the 90's. The offers a unique blend of historical character and modern living. With five spacious bedrooms and four well-appointed bathrooms, this property is perfect for families needing versatile accommodation within a tranquil generous plot.

As you enter, you are greeted by an inviting atmosphere, enhanced by the character features and original fireplaces that adorn the home. The four reception rooms provide ample space and have the flexibility to use as required. There is a ground floor shower room, beautifully appointed family bathroom, along with two additional shower rooms.

The property boasts significant potential for further development, with the possibility of creating an annexe, subject to planning permission. This flexibility allows for a variety of living arrangements, whether it be for extended family or as a rental opportunity.

Outside, the property is equally impressive, featuring parking for up to 6 vehicles, two double garages, a workshop and a super games room offers a perfect retreat for leisure activities.

With its prime location on Mill Lane, this home is a rare find and is sure to attract those looking for a unique and spacious family home in a picturesque setting.
