DEVELOPMENT POTENTIAL - Superb opportunity to acquire this large period detached residence which has scope for redevelopment. The property has many character features including period fireplaces, cornicing etc and although requiring updating it is an extremely versatile property offering the chance for someone to create a stunning family home, a family home and business premises and with the parking availability it could potentially be converted into 3/4 luxury apartments, a children's nursery or other business such as dentist, physiotherapist etc.

Due to the plot size and accessibility there is perhaps even scope for a building plot (subject to any consents required).
