SITTING ROOM

10'9" x 10'9"

A fireplace with exposed brickwork, floating wooden mantle and log burning stove creates a fabulous focal point to the room, with a uPVC double glazed window overlooking the rear garden, space for a wall mounted TV, wooden effect flooring, inset ceiling spotlights, radiator and a uPVC door to the garden.

FIRST FLOOR LANDING

There are doors to both bedrooms and the inner landing.

The second bedroom has a door to the bathroom but has been partitioned by sliding doors to create a private space. There a uPVC double glazed window to the rear, a wall mounted Vaillant gas boiler, wood effect flooring and a radiator.

BATHROOM

Steps, with storage beneath, lead to the luxury bathroom. There are obscure uPVC double glazed windows to the side and rear, a double shower enclosure with rainfall effect shower head, hand shower attachment and sliding door, compact bath, dual flush WC, a wall hung vanity unit with drawers and inset basin with chrome mixer tap, chrome heated towel rail, tiled flooring with underfloor heating, tiled splashbacks and extractor fan.

INNER LANDING

ATTIC ROOM

12'1" max into eaves x 10'2"

This versatile attic room is another huge benefit to the home and has a Velux window to the rear, two built-in storage cupboards, wood effect flooring, inset ceiling spotlights, radiator and access to eaves storage. While a large amount of work has already been completed, we understand from the current vendor that to class this room as a 'bedroom', a water sprinkler system needs to be installed within the home, at a cost of circa £3,000.

EXTERIOR

FRONT COURTYARD

A wooden gate opens to the pretty front courtyard, which has an outside light, decorative tiled flooring and door to the house.

REAR GARDEN

The enclosed rear garden is a wonderful low maintenance outside space, with a paved patio and decking immediately from the rear of the house - perfect for a table and chairs. There is artificial lawn with decked path leading to a wooden summerhouse - which has been used as a home office. To the rear is a paved area with wooden storage shed. The garden also benefits external power sockets, mature pear tree, a gate to the side and secure gate to the driveway.

PARKING

Certainly a rarity for Bond Street Buildings, the private drive is yet another advantage to the property. A gate opens from drive to the rear garden.
