The accommodation opens with a UPVC double-glazed front entrance door leading directly into the welcoming lounge. This practical space houses the gas-fired combination boiler supplying the domestic hot water and central heating system, together with plumbing and appliance space for a washing machine, tumble dryer space above and additional space for a fridge freezer.

A sliding internal door leads from the utility area into the home office, also created from part of the former garage. Featuring timber cladding and a double radiator, this provides a useful and private workspace, ideal for those working from home.

To the first floor, the landing provides access to two well-proportioned bedrooms, the shower room and a useful airing cupboard.
