Description

A rare opportunity to acquire a plot approaching 3.7 acres, set in a semi-rural location within the greenbelt that has recently received permission in principle to build a new residential dwelling. The site is located on the eastern side of Misbrooks Green Road and is accessed via a track of approximately 80 metres.

A condition of the planning is to demolish existing stables, hay barns and storage sheds and replace with one dwelling. Further details can be found on the Mole Valley planning Ref: MO/2023/0600

Misbrooks Green Farm provides a unique opportunity for self-builders and or those with equestrian/agricultural interests as two further adjoining fields (Red Striped Land on Map) totalling approx. 13.5 acres are available by separate negotiation which would create a wonderful small holding. These additional fields have the benefit of separate access in terms of a right of way.

N.B the specific details, size and design of the dwelling will be decided and agreed at phase two of the planning application with supporting technical reports (some of which have been completed) which will be pursued by the new owner following completion.
