Description

Lloyd Farm presents a rare opportunity to acquire a substantial country residence combined with exceptional equestrian facilities, all set within approximately 53.68 acres of land.

The farmhouse offers spacious and well-proportioned accommodation arranged over three floors, in addition to a cellar. The property is finished to a high specification throughout, blending attractive period features including high ceilings and traditional oak beams with modern fittings to create an elegant and comfortable family home. The whole property has recently had bespoke Accoya softcoat double glazed windows fitted throughout. The layout provides excellent versatility, with ample space for both everyday living, multi-generational living and entertaining.

The farmhouse, being grade II Listed, is thoughtfully positioned away from the equestrian yard, ensuring privacy, and is complemented by landscaped formal gardens to three sides, including a selection of patio and decked areas ideal for alfresco dining and entertaining.

The farmhouse opens via a solid oak door into an Entrance Hall with slate flooring, leading through to a characterful reception hall featuring exposed timbers, quarry tiles, an open fireplace, and stairs to the first floor. From here, doors lead to the principal ground floor rooms.

The study/library enjoys dual aspects with built-in bookcases and access to a useful cellar, housing the boiler and offering dry storage. The formal dining room is light with traditional beams and includes an open fireplace and retains the home's original front door.

A well-appointed family room provides extensive built-in storage, a spiral staircase to the first floor, and open access to both the kitchen and the bright dining room. The latter is a standout space with vaulted ceilings, exposed beams, and French doors opening onto the decked area and landscaped gardens.

The kitchen/breakfast room is a spacious, open-plan hub, fitted with bespoke cabinetry, granite worktops, dual ceramic sinks, an Aga, and a central island with additional hob and sink. It flows seamlessly into an orangery-style Breakfast Area, featuring a glazed roof and French doors that maximise light and garden views.

To the rear, the entrance hall with stable door leads to the garden and provides access to a boot room, WC and a well-equipped utility/boot room with ample storage, multiple sinks, and space for laundry appliances.

The first floor is arranged around a spacious galleried landing, accessed via staircases from both the reception hall and the family room, with a window overlooking the side gardens and built-in airing cupboards housing twin immersion tanks.

The principal suite comprises a generous master bedroom with a dressing room and a luxuriously appointed en-suite bathroom featuring a Jacuzzi bath. There are three further double bedrooms, one of which benefits from its own en-suite, alongside a well-appointed family bathroom serving the remaining accommodation.

Stairs rise from the first floor to an extensive open landing area, offering highly versatile space suitable for use as a games room, sitting area, or additional bedroom. This light-filled space features two central open archways and multiple windows to two elevations, showcasing superb countryside views. A small storeroom leads off the landing, with loft access and existing plumbing, presenting potential for further conversion.

The second floor also accommodates two additional double bedrooms, both enjoying elevated views of the surrounding landscape, along with a further bathroom.

Annexe barn

The annexe barn is beautifully converted into living accommodation with traditional oak beams throughout. On entering up the stairs to the right you step into the large spacious kitchen with central island. Off the kitchen you walk through into the sitting room with its traditional beams and barn windows. Moving onto in the principal suite again with the traditional beams, high ceilings giving the feeling of space. The family bathroom includes a large double shower and is light and airy.

On the other side of the barn is the second double bedroom with large oak beams and a traditional round window allowing plenty of light. Next door to the bedroom is its own shower room.

Gardens

The property benefits from four separate gated entrances, providing excellent access and flexibility for both residential and equestrian use. The farmhouse is thoughtfully positioned away from the yard and equestrian facilities, ensuring a high degree of privacy.

Approached via a gravel driveway, the farmhouse enjoys an attractive vehicular turning circle and ample parking, together with a detached garage.

The landscaped gardens surround the property on three sides and are well maintained, with mature shrubbery and incorporates a range of features including garden stores, log stores, and a greenhouse. The outdoor space provides an ideal setting for both relaxation and entertaining.
